About Inov SciTech

InovSciTech is a conference, meetings, seminars, and workshops organizer which is focused on Clinical, Medical, Life Sciences, Engineering, and Technology. We promote the latest research, developments, and issues in the scientific community. It provides a platform for leading academic scientists, researchers, and research scholars to exchange and share their experiences and research results.

InovSciTech aims to support research brilliance through networking platforms and its mission is to encourage global communication, and collaboration, promote professional interaction and lifelong learning; recognize outstanding contributions of individuals and organizations. We believe in Inclusiveness and affirmative actions.

Who We Are

InovSciTech is specialized in organizing scientific conferences, meetings, and workshops internationally, to encourage networking and knowledge sharing, building and strengthening, discussing and demonstrating the technology by scientists, dynamic professors, ardent academicians, intellectual scholars, leaders, and research fellows.

What We Do

InovSciTech is involved in vitalizing and refining the knowledge of Science, Engineering & Technology to analyze the past, investigate the present and formulate a new form of applied science in the future. We provide the best content, an excellent delegate experience, exceptional networking opportunities with equally passionate professionals, and a great association to be in touch with people personally.

Mission

InovSciTech aim to create an ideal platform by promoting research by connecting scientists and researchers within and across disciplines at conferences and workshops that create an environment for information exchange, and the generation of new ideas and technologies in Science and technology.

Welcome Message!

The 11th International Conference on Applied Science, Engineering, and Technology (ISTCASET 2027) will take place from June 17–18, 2027, in Prague, Czech Republic. This premier event serves as a dynamic platform for academics, researchers, and industry professionals to share groundbreaking advancements.

The conference content bridges the gap between theoretical science and practical engineering applications. Core tracks in applied sciences focus on nanotechnology, environmental science, physics, and chemistry, highlighting how foundational research addresses global challenges. The engineering and technology tracks delve into cutting-edge disciplines, including artificial intelligence, robotics, civil engineering, renewable energy, and data science. Attendees will explore how these technologies drive automated industries and sustainable urban development.

The two-day program features a comprehensive mix of intellectual formats. Renowned experts will deliver keynote addresses outlining future industry trends. Peer-reviewed paper presentations and interactive poster sessions will showcase original research from global scholars. Additionally, technical workshops and panel discussions will spark dialogue on emerging topics like smart materials, green computing, and bioengineering.

Beyond the formal presentations, ISTCASET 2027 emphasizes cross-disciplinary collaboration. Dedicated networking sessions allow delegates to establish international partnerships, share methodology insights, and pitch collaborative research projects. Set against the inspiring backdrop of Prague, the conference promises a rich scientific program that accelerates innovation and shapes the future of global technology.

Scientific Sessions

- * Applied Physics and Quantum Mechanics
- * Environmental Science and Climate Systems
- * Mathematical Modelling and Simulation
- * Smart Infrastructure and Civil Engineering
- * Aerospace and Automotive Engineering
- * Electrical Grids and Smart Energy
- * Biomedical Engineering and Devices
- * Data Science and Big Data Analytics
- * Cybersecurity and Data Privacy
- * Blockchain and Distributed Ledgers
- * Renewable Energy and Energy Storage
- * Human-Computer Interaction (HCI)
- * Industry 4.0 and Smart Factories
- * E-Waste Management and Circular Economy
- * Engineering Education and Digital Pedagogy
- * Nanotechnology and Advanced Materials
- * Green Chemistry and Chemical Engineering
- * Biotechnology and Biomaterials
- * Optics and Photonic Technologies
- * Sustainable Mechanical Systems
- * Robotics and Automation Systems
- * Chemical Process Engineering
- * Artificial Intelligence and Machine Learning
- * Internet of Things (IoT) Architecture
- * Cloud Computing and Edge Infrastructure
- * Next-Generation Wireless Networks (6G)
- * Smart Cities and Urban Sustainability
- * Additive Manufacturing and 3D Printing
- * Bioinformatics and Computational Biology
- * AgTech and Precision Agriculture

Meeting Agenda

June 17, 2027

08:00 - 09:00 Registrations
09:00 - 09:30 Opening Ceremony and Introduction
09:30 - 10:10 Keynote Speech -A
10:10 - 10:30 Refreshments
10:30 - 12:00 Keynote Speech -B
12:00 - 13:00 Speaker Session -A
13:00 - 13:50 Lunch
13:50 - 15:00 Speaker Session -B
15:00 - 15:20 Coffee Break
15:20 - 18:00 Speaker Session -C

June 18, 2027
